Note

Severity 1: Critical to success of software

Severity 2: Important

Severity 3: Software could function even with this defect in it

Design Inspection Defects

Product: As a User, I would like to track my ingredients on hand.

Date: 3/01/2019

Author: Adam

Inspectors: Sam

Module: Pantry Page

Defect #	Description	Severity	How Corrected
1	Buttons did not conform to designs on the rest of the site	3	Changed the button styling to match the project

Code Inspection Defects

Product: As a User, I would like to track my ingredients on hand.

Date: 3/01/2019

Author: Adam

Inspectors: Sam, Jaden

Module: Pantry Page

Defect #	Description	Severity	How Corrected
1	No type checking with the triple equals and commented	3	Deleted comments and added another equals sign to the

	out code		comparisons
2	Error reading undefined object when input was not from suggestion box	2	Put in a check for when input is undefined and added alert to ask user to choose from suggestion box

Product: As a user, I would like to make a meal plan based on my saved recipes

Date: 3/01/2019

Author: Adam

Inspectors: Sam

Module: Planning Page

Defect #	Description	Severity	How Corrected
1	Commented out code	3	Deleted comments

Testing Defect Log

Product: As a User, I would like to add my own custom recipes to my saved recipes lists.

Date: 3/01/2019

Author: Sam, Ryan

Inspectors: Kevin

Module: Recipe Editor

Defect #	Description	Severity	How Corrected
1	Special characters in the fields are not removed as per the test plan	3	Added a String cleaning function to reformat inputs
2	No pop up when leaving an empty field	2	Added an alert to notify the user of an empty field

Product: As a user, I would like to have a multiplier on a viewed recipe so that I can get proper ingredient quantities if I were to make the recipe more than once

Date: 3/01/2019

Author: Sam, Ryan

Inspectors: Kevin

Module: Recipe Modal

Defect #	Description	Severity	How Corrected
1	No error message when trying to multiply by negative, zero, or above 100	3	Added a bounds check for quantity

Product: As a User, I would like to sort my saved recipes by ratings.

Date: 3/01/2019

Author: Jaden

Inspectors: Ryan, Sam

Module: User Account

Defect #	Description	Severity	How Corrected
1	Users were not being created with a ratings field	1	Initialized a ratings field in passport.js

Product: As a user, I would like to make a meal plan based on my saved recipes

Date: 3/01/2019

Author: Jaden

Inspectors: Ryan, Sam

Module: User Account

Defect #	Description	Severity	How Corrected
1	Users were not being created with a meal plan field	1	Initialized a meal plan field in passport.js
